WELCOME	Kat Rodgers called the meeting to order at 9:30 a.m. and asked members on the phone to introduce themselves. Kat called on members to introduce themselves and then facilitated the agenda	
February Minutes	Lisa Renegar made a motion to approve February minutes with the duplication of her name in the attendees list being corrected, seconded by Doug Wilson and carried.	
TRIBE (TriCounty Behavioral Health Engagement)	Kat Rodgers: I will send a message to Katherine Smith to see if she is available for the presentation. We can continue with the agenda and if she is able to we will come back.	
Membership Review	<p>Lisa Renegar and Mary Beth will be working together to do the annual membership review.</p> <p>Lisa Renegar presents her screen and shares a couple of slides to give everyone an overview of what we're looking at.</p> <ul style="list-style-type: none"> ● Based on the attendance that we take at every meeting, I went back and as of today our raw membership consists of 30 members. <ul style="list-style-type: none"> ○ 20 of those are voting members ○ 10 are non-voting members from an organization with more than one member since each organization only has 1 vote. ● Our bylaws say that anyone who has missed 50% or more of our meetings, we have to reach out to them to see if they still want to be a member. <ul style="list-style-type: none"> ○ From February 2021 - February 2022, 37% (11 members) of our overall membership fell into this category. <ul style="list-style-type: none"> ■ 6 were voting members and 5 were non-voting members. <ul style="list-style-type: none"> ● One member told me that they would not like to be a part of the virtual 	

meetings.

- The next slide is the overall rate of our membership from February to February. Which has kind of waned, our lowest was 44% (I did not break that out by voting and non-voting members)
 - As we address those that are on our roster that have not attended, we will see our percentage rate improve.
- The last thing that I will need to do with Mary Beth is to go through and identify all the sectors that we need to recruit from.

Kat Rodgers: *I would like to be a part of the review committee.*

Tammy Griffin *chats that she would like to be a part of the committee also.*

Lisa Renegar: *I will get up with Mary Beth to see if any of the dates that I sent to her work for her and then I will get back to you both.*

Open Discussion

Kat Rodgers: Christina Gray Would like to know if we are planning to stay virtual? This might impact people's decision to re engage or not.

Lisa Renegar: When we did our bylaws review last year, we had talked about the possibility of being able to offer the meeting both ways (virtually and in person). The equipment to do this is very expensive. We had been meeting downtown at the Greater Salisbury building previously. Cathay Insley had been looking into maybe a different venue.

Lori Brewster: I'm not sure where she's looking at this point

Tammy Griffin: I'd like to suggest that if we meet in person to provide a call in number until we are able to possibly get equipment that will allow us to provide a visual option.

Lisa Renegar: Ideally we do want to get back to in person meetings. It is something that we can get the consensus of the group, if you guys think that would be helpful.

Lori Brewster: I absolutely would like for us to get back to meeting in person.

Lisa Regenar: I will get up with Kat, Tammy and MaryBeth to discuss and we will have more on it at our next meeting.

Habacuc Petion: Could we take a vote with the group today about meeting in person?

Kat Rodgers: Do we have a motion to return to meeting in person effective at the next meeting?

Lori Brewster: I

Tuesday Trott and May Esh: We second it

Kat Rodgers: It looks like everyone is in favor of having the next meeting in person.

- I would like to update the group a little bit about the Reach Grant that Tammy mentioned it a little earlier.
- We were recently awarded that grant.
- It supports a regional and collaborative approach for addressing racial disparities in diabetes and hypertension throughout Salisbury, Princess Anne and Snow Hill.
 - We are working in partnership with all 3 Health Departments, CHC, the YMCA, Rebirth Inc, Building Mosaic Solutions, MAC inc, the libraries, Worcester NAACP, Lower Shore Clinic, Atlantic General Hospital.
 - We have a grantee orientation coming up in a couple of weeks
 - The coalition has been meeting and we've been having one on one meetings with everyone to get the implementation planning underway and start to lay the groundwork.
 - This is the first time that I can recall that we are explicitly looking at racial disparities and looking at the data in a stratified way and taking a hyper local approach with the community partners to address this.
 - This is a 2 year grant and we were awarded \$1.1 million over the 2 years to fund:
 - Community Health workers, community outreach workers, Mobile screenings, telehealth capabilities and some other services and supplies for patients.
 - After that 2 years if we show we are successful in that approach and make a dent in the disparities, then we will be well positioned to become a Health Equity Resource Community which makes us eligible for another 5 years of funding.
- For Healthfest this year we are partnering with MAC. to hold a blood drive and a healthfest / health screening at their celebration
 - It is the 50th Anniversary of MAC Inc this year and on Saturday, June 11, 2022 they are planning an expo and a lot of activities at the Civic Center.
 - Starting first in the morning, the expo will be from 10:00am - 2:00pm, there will be a summit presenting this report from 2:00pm - 4:00pm.
